Memo. No. 12022 C-1 dated 20.10.37

Children Act - Junior Certified School, Bellary - Answers to questionnaire - Additional teaching staff etc. - Letter from the C.I. of Certified Schools No. C.3.4269/37 dated 31.8.37.

In his answers to question Nos. 26 and 38, the C.I. has referred to the need for additional teaching staff in the Junior Certified School, Bellary and suggested that at least one ^{additional Tamil} teacher should be appointed immediately. His attention is invited to the previous correspondence on the subject. In connection with ^{his} the I.G.'s proposal for the appointment of - additional teachers in the Junior Certified School, Ranipet, it was suggested to the I.G. in Memo. No. 4049 C/36-2 dated 24.2.37 that provision should be made for teaching and Tamil, Malayalam in the Junior Certified School at Ranipet and Telugu Kanarese and Urdu in the Junior Certified School ^{at} Bellary. It was also suggested that Marathi ^{was also} should go in with Urdu ^{when} English teaching should be preferably in the Bellary School and that if this arrangement left too many Tamil boys at Ranipet and it ~~is~~ was unavoidable to send Tamil boys to Bellary, ^{they} that should be selected according to the stage they

have reached in their education so that they would form the ^{smallest} ~~lowest~~ number of classes in the Bellary School.

In his letter No.Est.1006/37, dated 5th March 1937, the C.I. requested sanction for the employment ^{in the Junior Certified School, Bellary} of an additional Tamil teacher on a temporary basis pending a decision on the question of the amalgamation of the Ranipet school with that at Bellary.

In his letter No.ROC.1007/37 ext. dated 18.3.37, ^{he} ~~the C.I.~~ reported that if the 28 Telugu boys and 18 Urdu, Kanarese, Marathi and Englishknowing boys were transferred ~~from~~ to Bellary and an equivalent number of Tamil boys transferred from Bellary to

Ranipet, the proposals previously made by him for the appointment of an additional Tamil teacher in the ~~Ranipet~~ Bellary school could probably be modified. In his letter ROC.No.1007.B.1/37 dated 5.5.37, the C.I. reported that he would issue orders to

the Supdt. that he was to substitute teaching of more than one ~~language~~ ^{together} standard in the same language and if possible the same subject.

He also stated that to reduce the number of languages in the Ranipet School, he proposed that all the Telugu, Kanarese, Marathi and Urdu speaking boys ^{shall} be transferred to the Junior Certified School, Bellary along with the Urdu teacher and that a sufficient number of pupils would be transferred to Ranipet from Bellary. It was further reported by him that after this transfer there would be only two ~~teachers~~ teachers left at Ranipet, and that he would examine on the spot the actual arrangement at Ranipet and report the

Ranipet.	1.	2.

2. At the Junior Certified School, Bellary the Telugu Classes are taken up by two teachers and the Tamil-classes by the remaining 3 teachers including the 2 temporary teacher sanctioned by G.O.No.Ms.146, Home, dated the 11th January 1937. The present strength of the school (as it stood on 23-10-1937)

(I)

was 317. Out of these there are 69 Telugu boys who stand distributed into 5 standards and are being taught by the 2 teachers. The remaining 248 are Tamilians who are at present studying in 5 standards of 6 divisions, taught by the 3 Tamil teachers as shown below.-

		<u>Morning.</u>		<u>- Evening.</u>
1	Tamil Teacher.	4th standard	- 16.	5th standard - 15.
2	Tamil Teacher.	2nd-A -do-	- 38.	3rd -do- - 54.
3	Tamil Teacher.	2nd-B -do-	- 40.	1st -do- - 85.
				<u>154</u>

From this statement it is seen that the 2nd and 3rd Tamil Teachers are handling unwieldy classes of more than 40 boys which is the maximum number fixed by the Madras Educational Rules and as boys are being admitted into the school throughout the year unlike outside schools, where admission are at the beginning of the school term, the difficulty as to the increased number on the rolls is always felt. Further new admissions represent various stages of attainments and it will not be such an easy matter for the unfortunate ^{teacher} ~~teacher~~ to devote more time to bring them up to the level of the rest of the class so as to be able for all to take part in the daily - routine. The teaching of more than 40 boys in one class by the same teacher in various stages of instruction is really an impossible task. If such limitation, i.e., 40 pupils to each class is not made, the pupils of the type in our Certified Schools will obviously not get proper individual attention, with the result that the boys will not derive any real benefit from their education. As already stated the 2nd and 3rd Tamil Teachers are handling more than 40 boys at one period and if - instruction is to be imparted in the proper manner, the Tamil boys will have to be split into batches of 40 boys to each class so as to ensure efficient work on the part of the teachers. The First Class will have to be split ~~and~~ into 2 classes of 43 and 42 boys and the 3rd class into 2 classes of 27 each. As per the above statement the first

and third standards consist of 6 divisions. These 6 divisions as well as the other 2 divisions in the second standard or 8 division in all are being handled by the 2nd and 3rd teacher as the 1st Tamil Teacher cannot be disturbed from his work of teaching the 4th and 5th standards which require concentrated effort and supervision. Thus to handle 4 additional sections 2 more teachers are urgently required. Of these, one should be a secondary grade trained teacher and the other a higher-elementary trained teacher, the former to handle the English classes too, if need be.

The District Educational Officer, Bellary who inspected the school on the 12th and 13th October 1937 is of the opinion that 2 additional teachers are quite essential for the efficient handling of the classes and to give the pupils the required instruction by taking not more than 40 pupils at a time in a class.

N. 24 a-10

At the Junior Certified School, Ranipet as has already been shown in the foregoing statement, there are only 3 teachers and the whole population of more than 160 boys has to be handled by them..

This is not satisfactory as 160 or more is too large a number to be managed by three teachers and ~~the present strength in each class~~ is over and above the maximum fixed under the Educational Rules and apart from other considerations Ranipet as it stands now requires one additional Teacher. According to the former proposal if Tamil and Malayalam boys are concentrated at Ranipet by getting the Tamil and Malayalam boys from the Junior Certified School, Bellary in place of the Telugu, Kanarese, Marathi and Urdu boys to be transferred from Ranipet, the population of this school will go above 303. The position will be impossible as accommodation of this school is only for 134 boys. The question therefore of the transfer of the remaining 174 boys to the Senior Certified School, Chingleput would also present itself. On the other hand it may also be necessary to retain some Tamil boys at Bellary. Consequently the object of

abolishing the Tamil section at the Junior Certified School, Bellary will be frustrated. If all the boys of languages - other than Tamil and Malayalam are transferred to the Junior Certified School, Bellary, then also the question of transferring the excess population over 134 which is the maximum accommodation of the school will arise and naturally more classes in the same language will have to be opened at the Junior Certified School, Bellary thus necessitating the entertainment of extra teachers. The present population of this school is divided and arranged in the statement as shown below.-

			<u>Section.</u>
Standard	I-A.	29.	1.
,,	I-B.	22.	2.
,,	II.	41.	3.
,,	III.	30.	4.
,,	IV.	24.	5.
,,	V.	8.	6.
,,	VI.	6.	7.

Of these the first standard has the highest number of boys this being the recruiting class.

Of these standards - I-A, II, V and VI attend - general education in the forenoon classes while standards I-B, III and IV attend the industrial classes. This process is reversed in the afternoon classes. Standards I-A and I-B are managed by one teacher during a session. This practically deprives the pupils of the advantage of the general daily education, which they should get, as one teacher cannot teach the two classes at one and the same time.

The present Urdu Teacher at Ranipet is really the Tamil Assistant Teacher in actual practice. I am given to understand that this teacher takes Urdu classes out of school hours and the instruction is more of a religious nature. This state of affairs cannot continue any more. In the opinion of the Director of Public Instruction the staff requires strengthening by the employment of 2 more additional trained teachers - vide copy of his proceedings Dis.P.No.174/14-36-37, dated 26-10-1936.

P. D. M. P.

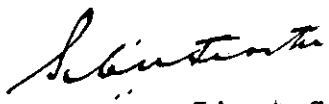

However, attempts will be made to cope with the work with one extra teacher for the present.

Under these circumstances, I submit that it is quite essential that two additional teachers for the Junior Certified School, Bellary and one additional teacher for Ranipet may be sanctioned for the efficient managing of the school, till such time as improvements are made for increasing the accommodation of the Junior Certified School, Ranipet.

Proposals called for in paras 2, 3 and 4 of Government Memorandum No. 12022-C-1, Home, dated the 20th October 1937 are submitted separately.

To The Secretary to the Government of Madras,

Home Department.

Sir,

I do not consider that the ceremonial dress is
necessary, it being used only very rarely i.e., during the
visit of His Excellency the Governor to the Schools and
such other special occasions.

If its supply be withdrawn the resultant saving to
Government (based on the average number of pupils in the three
schools for the last three years) will be about Rs.350/- per
annum.

From the C.I. of Certified Schools, C.3 No.4269/37
dated the 31st August 1937.

CHILDREN ACT - Junior Certified School, Bellary -
Questionnaire regarding general administration,
medical and sanitary.

The C.I.'s answers to the questionnaire
call for the following remarks:-

p3 cf

1. Question No.6(a):- It is stated that
joists and beams require to be repaired and that
ceiling and walls in many places require plastering.
This is a matter in which the Supdt. of the school
should move the C.I. who will include provision in
the annual budget under 'Petty Constructions and
repairs'. No action on the part of the Govt. is
necessary.

p5 cf

2. Question No.10:- It is stated that the
dietary allowed is in accordance with the rules ~~xxx~~
under the Children Act except that dry fish is not
issued. According to the scale of diet prescribed
under rule 26 of the rules in Children Act, 2 ounces
of dry fish are issued to each inmate on Tuesdays.
The Supdt. may make temporary alterations in the scale
of diet in individual cases when considered necessary.
It is not stated whether the reasons for the non-issue
of dry fish are due to cases like non-availability
of dry fish or other causes. It is presumed that in
lieu of dry fish dhall is issued at the rate of
3 ounces per head. No action seems called for.

I think it was

the connection
that the item was

p5 cf

3. Question No.11:- It is stated that
clothing and bedding are issued in accordance with
the rules except that ceremonial dress is not issued
for want of funds. The ceremonial dress consists of

32

pair of
1 coat, 1 cap, 1/shorts, 1 pair of socks (costing Rs.3.8.0 per ~~xxxx~~ set). The period of wear is 3 years. It is not known whether the ceremonial dress was ever issued at all to the pupils and the C.I. does not appear to have moved the Govt. for funds in this connection. The extra expenditure on this account will not be prohibitive. For orders whether the C.I. may be left to address the Govt. in the matter or whether he should be asked to submit proposals.

4. Question Nos. 26 and 38. - The D.E.O. has remarked as follows:-

"Condition of instructions is not entirely satisfactory for no fault of the staff and the Superintendent. Unless the Tamil staff is increased by two teachers of which one is a Secondary grade man, the work is bound to be inefficient."

The C.I. has remarked as follows:-

"Everybody appears to be doing his best but the need of two Tamil teachers is badly felt. One of them at least should be appointed immediately".

In addition to the teachers who are engaged in vocational training the regular school establishment consists of 1 Headmaster, (Secondary grade), 1 Secondary grade Asst., 3, H.E. grade teachers and 1 Physical training Instructor. The above staff includes 2 Temporary Tamil teachers sanctioned in January 1937, as a result of the report of the Hony. Inspectress of Certified Schools and the recommendation of the Secretary after his visit to the school on 26.11.36. The Chief Insp. (Mr. Rutherford) subsequently recommended that the number of teachers in the school ^{are} still inadequate and requested that an addl. Tamil teacher may be sanctioned for the school pending a decision on the question of the amalgamation of the 2 Jr. Certified schools on which orders have not yet been passed.

The C.I. also submitted separate proposals for augmenting the teaching staff in the Ranipet School.

In that connection it was suggested to the C.I. that provision should be made for teaching Tamil and Malayalam in the Ranipet School and Telugu, Kanarese and Urdu in the Bellary School. It was further suggested that if there were too many boys at Ranipet School, some of them might be sent to Bellary. The C.I. reported that there were in the Ranipet School boys speaking 6 different languages and he proposed to transfer all the Telugu, Kanarese and Marathi speaking boys to the Bellary school along with the Urdu teacher. After this transfer, there would be only 2 teachers left at Ranipet. The C.I. stated that he would examine ~~the~~ ~~on~~ the spot the actual requirements of the Ranipet School and report the essential minimum of teaching staff for that school. He also stated that ~~the~~ some of the Tamil boys might be transferred ~~to~~ ~~the~~ from Bellary to Ranipet and that would obviate the necessity for an additional Tamil teacher at Bellary previously asked for by him. The C.I. has not yet reported the essential minimum teaching staff ~~in~~ for the Bellary school. He was last reminded on 19.7.37 demi-officially. In view of the facts narrated above, it is not clear how the C.I. ^{has} ~~is~~ merely contented himself ^{with} ~~without~~ referring to the need for additional teachers in the Bellary school, without submitting proposals. For orders whether he may now be asked to submit formal proposals for the additional teaching staff required.

— p 8 CF

5. Question No. 27.— It is stated that lectures on moral and religious subjects are being given regularly to all pupils except for Christians. It is presumed that the number of Christian inmates is small and that there are no Christian instructors available at the station.

6. Question No. 30.-- The C.I. has stated that the following members of the staff ~~xxx~~ entitled to quarters are not provided with quarters:-

- 2 Tamil teachers;
- 1 Addl. Carpentry instructors;
- 1 Addl. tailor instructor; and
- 4 petty officers.

It is submitted that of the subordinates mentioned above, only petty officers are entitled to free quarters. The four petty officers referred to are apparently those who were appointed to the posts sanctioned in G.O. 3412 Home dated 28.11.36. In that order nothing was mentioned about quarters as the C.I. had not raised the question of provision of quarters or house rent allowance in lieu of quarters at the time he submitted proposals for the additional petty officers. If the 4 petty officers are not provided with rent-free quarters, they are entitled to house rent allowance. It may be pointed out to the ~~xxx~~ C.I. that only the petty officers are entitled to quarters and that if they are not provided with quarters proposals may be ^{submitted} ~~called for~~, for granting them house rent allowances.
